

DONORS MAKE THE DIFFERENCE

Powered by a network of credit unions, the Northwest Credit Union Foundation's work is made possible by the donors who support and believe in our mission to strengthen the financial lives of people and communities throughout the region. Donor contributions support a number of priorities that fall within the Foundation's three pillars.

ECONOMIC EMPOWERMENT

In partnership with credit unions, we are expanding economic opportunity for families across our region.

ASSET BUILDING

Through credit unions, we support financial literacy and capability efforts to help individuals, families, and communities achieve financial health.

COOPERATIVE DEVELOPMENT

Together, we are ensuring a strong future for the Credit Union Movement.
